

Reporting Green Bond 3

31/12/2022

Nexity has committed to report annually on the allocation of the net proceeds of the Green Bonds and, on a best effort basis, associated impact metrics, until the proceeds have been fully allocated, and as necessary in case of material change. This reporting will be disclosed on Nexity's website (www.nexity.fr).

Eligible Green Projects refer to the development and construction of residential properties located in metropolitan France that meet the following eligibility criteria:

- Project exclusively developed by Nexity, including serviced residences, excluding co-developed projects;
- Project approved by Nexity's "Purchasing Committee" (as described in section 3.2.2 of the Framework Agreement) during the previous and current years of issuance of the bond (representing a maximum of 24 months);
- Project aligned with European Nearly-Zero-Energy Buildings (NZEB) low consumption building standards corresponding to buildings with a very high energy performance. The NZEB concept is a requirement from the EU Energy Performance of Buildings Directive (EPBD) for all new buildings by 2021. France has been in the forefront in transposing this EPBD in its national regulation and construction standards with the implementation of the new Thermal Regulation RT 2012, making mandatory for all new buildings to be NZEB since 2013;
- Project with a level of energy performance equivalent to the EPC rating of B (or above); and
- Project with a level of energy performance belonging to the top 15% residential stock in France¹.

The combination of all the Eligible Green Projects earmarked by the Green Bond Committee constitutes the Eligible Green Project pool.

Allocation Report

- The list of Eligible Green Projects or categories of eligible projects financed through Nexity's Green Bonds, including amounts allocated

The Eligible Green Project Pool is composed of the following 231 residential projects:

- The amount of funding required (working capital requirement) for the pool of Eligible Green Projects amounts to 309 440 K€.
- Allocated amount vs. total amount: The amount of funding required (working capital requirement) for the Eligible Green Project pool exceeds the total amount of the Green Bonds proceeds, hence the proceeds are fully allocated
- The share of financing vs. refinancing: The share of refinancing is 100%.
- The remaining balance of proceeds pending allocation is NIL.

Impact Report

Nexity reports on the outputs and impacts of the Eligible Green Projects, aggregated at pool level due to a large number of underlying projects:

% of new homes that surpass at least by 10% the construction standards RT 2012 in France	26%
% of new homes that surpass at least by 20% the construction standards RT 2012 in France	8%
% of new homes with on-site renewable energy generation	21%
% of new homes that integrate an environmentally responsible building-site approach (Nexity's Charter or another recognised standard)	47%
Estimated carbon Intensity (kg.CO ₂ /sq.m) of residential real estate production	1294 kg.CO ₂ /sq.m
Estimated annual GHG emissions reduced (t.CO ₂ .e/home) vs Nexity 2015 baseline	62,5 t.CO ₂ .e/home

Calculation methodologies and assumptions used for the impact indicators in this reporting are aligned with methodologies applied in Nexity's Universal Registration Document.

NEXITY

Attestation of one of the statutory auditors
of Nexity on the information related to the
allocation, as of 31st December 2022, of
funds raised for the Green Bond issued by
Nexity on 20th December 2019

Year ended December 31st, 2022

NEXITY

A French limited company (Société Anonyme) with a capital of 280 648 620€
19, rue de Vienne – TSA 50 029 - 75801 Paris Cedex 8
Paris Trade and Companies Register N°444 346 795

Attestation of one of the statutory auditors of Nexity on the information related to the allocation, as of 31st December 2022, of funds raised for the Green Bond issued by Nexity on 20th December 2019

Year ended December 31st, 2022

To the Chairman,

In our capacity as statutory auditor of Nexity (the “**Company**”) and in accordance with your request, we have prepared this attestation on the information related to the allocation, as of 31st December 2022, of funds raised for the Green Bond issued by Nexity on 20th December 2019 (the “**Issue**”), which amounts to 309 million euros, contained in the Appendix 1, and conditions of the final terms of the Issue dated 29th November 2019 (the “**Final Terms**”).

These documents, prepared for the purposes of the information of the Green Bond debt securities holders, present an allocation of the funds raised from the Issue to Eligible Projects as defined on the Final Terms (the “**Eligible Projects**”) from the period beginning as of the receipt of the funds raised from the Issue on 29th November 2019 to 31th December 2019. As of December 31, 2022, 309 million euros have been allocated to Eligible Projects.

This information was prepared under Mrs Marjolaine GRISARD responsibility based on the accounting records used for the preparation of the consolidated financial statements for the year ended 31st December 2022.

Our role is to report on:

- the compliance, in all material respects, of the Eligible Projects presented in the attached document, with the eligibility criteria defined in “Green Bond framework” of November 2019, mentioned in the Final Terms;
- the agreement of the amount of treasury or treasury equivalents available in the account, used to collect and segregate the funds remaining to be allocated in Nexity' balance sheet at the issue date with the Company's accounting records;
- the agreement of the amount of funds allocated to Eligible Projects as part of the Issue as of 31th December 2022, with the accounting records and data underlying the accounting records.

However, we have no responsibility:

- for challenging the eligibility criteria defined in the appendix of the Green Bond framework” of November 2019, mentioned in the Final Terms, in particular, we give no interpretation on the terms of the Final Terms;
- to express an opinion on the use of the allocated funds to Eligible Projects after such funds have been allocated.

In the context of our role as Statutory Auditor, we have audited, jointly with the other Statutory Auditors, the consolidated financial statements of the Company for the year ended 31st December 2022. Our audit was conducted in accordance with professional standards applicable in France, and was planned and performed for the purpose of forming an opinion on the consolidated financial statements taken as a whole and not on any individual component of the accounts used to determine the information. Accordingly, our audit tests and samples were not carried out with this objective and we do not express any opinion on any components of the accounts taken individually. These consolidated financial statements, approved by the Shareholders' Meeting, have been audited and our corresponding auditors' report is dated 26th July 2023.

Furthermore, we have not performed any procedures to identify events that may have occurred after the date of our report on the consolidated financial statements of the Company which was issued on 26th July 2023.

Our engagement, which constitutes neither an audit nor a review, was performed in accordance with professional standards applicable in France and with ISAE 30001. For the purpose of this attestation, our work consisted, using sampling techniques or other methods of selection, in:

- reviewing the procedures implemented by the Company relating to the allocation of funds raised in the context of the Issue;
- checking the compliance, in all significant aspects, of the Eligible Projects with the eligibility criteria as defined in the Final Terms;
- checking the agreement of the amounts allocated to Eligible Projects with data underpinning the accounting records;

¹ ISA 3000 - Assurance engagements other than audits or reviews of historical financial information

- checking the correct segregation of funds raised from the Issue and their exclusive allocation to Eligible Projects;
- checking that the balance of treasury and treasury equivalents in the consolidated financial statements for the year ending 31st December 2022, exceeds the amount raised under the Issue and still to be allocated on 31st December 2022, and that it is consistent with the information used as a basis for preparing the consolidated accounts for the year ending 31st December 2022.

On the basis of our work, we have no matters to report on:

- the compliance, in all material respects, of the Eligible Projects presented in the attached document, with the eligibility criteria defined in “Green Bond framework” of November 2019, mentioned in the Final Terms;
- the agreement of the amount of treasury or treasury equivalents available in the account, used to collect and segregate the funds remaining to be allocated in Nexity' balance sheet at the issue date with the Company's accounting records;
- the agreement of the amount of funds allocated to Eligible Projects as part of the Issue as of 31th December 2022, with the accounting records and data underlying the accounting records.

This attestation has been prepared solely for your attention within the context described above and may not be used, distributed or referred to for any other purpose.

Our work should not be taken to supplant any additional inquiries or procedures that should be undertaken by a third party recipient of this attestation including the parties to the Final Terms and we make no representations regarding the sufficiency for thirds parties' purpose of the procedures we performed.

In our capacity as statutory auditors of Nexity, our responsibility towards your Company and the shareholders is defined by French law and we do not accept any extension of our responsibility beyond that set out in French law. We do not owe or accept any duty of care to any third party including the Financial Institutions (and any assignee of and any sub participant in any interest in the Green Bond Final Terms) in connection with the Green Bond Final Terms to which we are not party. In no event shall Mazars be liable for any loss, damage, cost or expense arising in any way from fraudulent acts, misrepresentation or willful misconduct on the part of the Directors, employees or agents of the Company.

This attestation is governed by French law. The French courts have exclusive jurisdiction in relation to any claim, difference or dispute which may arise out of or in connection with our engagement letter or this attestation. Each party irrevocably waives any right it may have to object to an action being brought in any of those Courts, to claim that the action has been brought in an illegitimate court or to claim that those Courts do not have jurisdiction.

One of the Statutory Auditor
